

CHANGE FOR CHANGE

Change for Change - Change for Cambalache

This ministry began many years ago when a small team of volunteers traveled to Caracas Venezuela to work with a local missionary there. What they found was heartbreaking living conditions, where the people spend their days and nights living in the city dump, digging through the trash of the city for food, clothes, and anything useful.

This Faith Promise recipient uses the funding to provide food, clothes, and medical care to the people of

Cambalache - 'the people of the garbage' - who desperately need it. Your gift goes a long way.

Thank you for considering this ministry.
